

## **Roman Architecture I**

### **Dr J Hanson**

This is a two-part lecture series, spanning MT and HT. The first part is broadly focused on Rome and broadly chronological. The lectures are as follows: 1. Introduction; 2. Patrons, architects, and building practices; 3. Early temples and sanctuaries; 4. Caesarian and Augustan Rome; 5. The imperial *fora*; 6. The Pantheon and later temples in Rome; 7. Imperial palaces and villas; 8. 'Low-density' and early housing.
